

HOW TO MAKE A SHADOW PUPPET

- 1:** Pick up 1 stick and 1 piece of black paper from the materials table.
- 2:** Trace then cut out Zaul's face and eye.
- 3:** Use a small piece of tape to attach the eye just above Zaul's nose.
- 4:** Next, stick a small piece of tape on each tab of the face then wrap the tape around the stick to adhere to backside of the paper.
- 5:** Add color to your Zaul shadow puppet by taping down different strips of colored cellophane.
- 6:** Hold it up and see how the puppet changes with different light!
