DMPA is proud to be the region's foremost arts nonprofits and one of its leading cultural institutions. In addition to presenting works on our four stages, Education at DMPA impacts the lives of more than 70,000 school children in Iowa each year through access to curriculum-connected live performances, teacher training, and more. All DMPA productions and programs are only possible through the generous support of our donors. We gratefully acknowledge the donors below and the thousands of DMPA donors.
